STAFF'S FIRST DATA REQUEST
TO THE CINCINNATI GAS & ELECTRIC COMPANY

Staff requests that The Cincinnati Gas & Electric Company ("CG&E") file with the Board the original and 6 copies of the following information, with a copy to all parties of record. If a requested document consists of 20 or more pages, CG&E may file 2 copies. The information requested is due no later than November 29, 2004. Each copy of the data requested should be placed in a bound volume with each item tabbed. When a number of sheets are required for an item, each sheet should be appropriately indexed, for example, Item 1(a), Sheet 2 of 6. Include with each response the name of the person who will be responsible for responding to questions relating to the information provided. Careful attention should be given to copied material to ensure that it is legible. Where information requested has been previously provided, in the format requested, reference may be made to the specific location of that information in responding to this information request.

1. Provide a copy of both the Phase I Archeology Report and the Ecological Assessment Report, which were conducted as part of CG&E's preliminary analysis for siting the proposed transmission line.

2. On page 2 of Tab 5, under the section on Species of Concern, there is a discussion of the Indiana Bat. Were any Indiana Bats "observed" (as that term is used elsewhere in that section of the report) in the area?

3. Provide a list of the names of persons who own the property over which the proposed line will cross. This information is already on maps that are part of the application, but this request is for the list as a Microsoft Word® document.

A handwritten signature in black ink, appearing to read "Beth O'Donnell", is written over a solid horizontal line. The signature is stylized and somewhat cursive.
